

## Note:

### **NorDig TVA Guidelines Implementation package ver. 1.3 updates / differences from ver. 1.2**

Updates 22.10.2019:

#### **NorDig TVA Implementation Guidelines v1\_3**

1.3 Document History: Info about Version 1.3

#### **DeviceOS.xml, DeviceType.xml, RightsType.xml and ServiceType.xml**

Classification Schemas made by Nordig should not have tva in the uri as it is misleading for receivers of EPG-data to think it is part of the schema-package provided by ETSI. They are all changed

from: **ClassificationScheme uri="urn:tva:metadata:cs:...**

to: **ClassificationScheme uri="urn:nordig:metadata:cs:..."**

#### **TVA\_Nordig\_exampdata\_[...].xml**

Changes is documented under TVAMain element between starttag <!--Changes --> and end tag <!--/Changes -->

#### **TVA\_Nordig\_exampdata\_mini\_[...].xml**

Changes is documented under TVAMain element between starttag <!--Changes --> and end tag <!--/Changes -->

#### **TVA\_Nordig\_exampdata\_PF\_[...].xml**

Changes is documented under TVAMain element between starttag <!--Changes --> and end tag <!--/Changes -->

#### **TVA\_Nordig\_exampdata\_OnDemand\_[...].xml**

New document.
